

# GAME GATE™ VU

VIDEO UPRIGHT

*licensed for public use, home games in your best venues!*

The Game Gate VU (video upright) is a revolution in pay-to-use equipment. Bring life and revenue to any location. Great for game centers, bars, movie theaters, restaurants, FECs, and all your best venues. Far from ordinary, the Game Gate VU is built with the future in mind, featuring a 32" high definition monitor and built in subwoofer all in a slim cabinet design to help you maximize floor space. Patrons can use handheld controllers for one or two player action. With hundreds of games to choose from, the Game Gate VU earns well beyond the life of any traditional upright.
